RE: Neal reclamation

Dear Leslie,

As you know, I am looking to transfer the bond for the Neal 1 2 and 3 to now cover the Neal 4 and 5. We have been released on the Neal 1 & 2 and with the exception of some seeding on the Neal 3. On the following map (A) please find the area on the Neal that remains as disturbed area. This is a road and amounts to 1.3 acres. The total surface disturbance at the Neal 4 is currently .94 acres.

Map B shows the Neal 5 with a noted proposed disturbance of .89 acres.

In total we have 3.13 acres of disturbance which keeps us well within the 5 acre limit.

Let me know if you need any further information.

Sincerely,

Catherine Ziegler
Vice President
Ziegler Chemical & Mineral Corporation
